Week 04 - Introduction to Health Data Science

This is a markdown document which will knit to pdf.

I have created it for the week 4 exercise of Introduction to Health Data Science

It has to include 2 code chunks and some text with section headers and 2 types of list

A Section With Some Lists

Things I can see from where I am *sitting*

- A calendar
- A wicker basket
- An ironing board
- A small lamp

Things I need to do this evening in order of importance

1. Walk the dog
2. Have tea
3. Do a grocery shop
4. Listen to an audiobook

Some Code

A plot of pressure from an inbuilt R dataset - with the code chunk hidden.

The summary statistics from the cars dataset - with the code chunk included.
